Centre for Kidney Research
The Children's Hospital of Westmead

Re: Chair Song Initiative

Dear Allison,

TSANZ council strongly endorses the work of the SONG initiative. We believe that a standardised set of outcomes for transplant recipients is essential for evaluating new and current therapies. We also support the broad nature of this work and the integration of clinicians, patients and their carer's values in establishing appropriate outcomes.

We welcome any future opportunity to assist in these studies and welcome presentation of the work at our AGM.

Yours Sincerely

Professor Steve Alexander
President – TSANZ
